

Earth Strike: National/Regional Campaigns & Events

This is a place for the public to compile information that will eventually be transferred to the website.

To find your country, region, or city, hit Ctrl-F (or Cmd-F on Mac), type it in, and press Enter.

INSTRUCTIONS FOR EVENT COORDINATORS (READ CAREFULLY)

TO ADD YOUR EVENT (IF IT IS NOT POSTED):

Comment' on the doc under your country/region/the next alphabetical country (if it is unavailable) with event details, make sure this includes; date, time, location, and planned action, as well as who to contact to get involved if event details are of a sensitive nature. One of the document mods with editing privilege will add the event to make sure format is maintained and no important information is accidentally deleted. Thank you!

INSTRUCTIONS FOR CONTRIBUTORS (READ CAREFULLY)

TO ADD YOUR COUNTRY:

1. Select (using the **row number buttons on the left**) all the rows between the **thickest** green borders of the country yours will be below. Use the blank template at the bottom if you want.

2. Hit Ctrl-C (or Cmd-C on Mac) to copy those rows.

3. **With these rows still selected**, go to the Insert menu and click "X rows **below**" (or, if you prefer, "X rows **above**").

4. **With the newly inserted rows still selected**, hit Ctrl-V (or Cmd-V on Mac) to paste into these rows.

Adding regions and cities is similar. **Make sure to select the appropriate number of rows - between the appropriate green borders.**

Deleting regions and cities is likewise similar - **again, stick strictly between the appropriate green borders.**

To add positions (light green rows) and events (light blue rows), do the same select -> copy -> insert -> paste procedure on the individual rows.

As this is an international document meant to compile data on all events occuring globally, please feel free to input event info in your own country's language.

Every little bit helps! Thank you for your contributions :^)
